O R D E R

On July 7, 1983, the Commission entered an Order granting the Montgomery County Water District #1 ("Montgomery County") a certificate of public convenience and necessity for a waterworks improvement project, approving its financing of this project and approving an increase in water rates to its customers. As part of its July 7, 1983, Order, the Commission recommended that Montgomery County replace approximately 5,550 feet of 2-inch dead-end lines which are not in compliance with 807 KAR 5:066, Section 11(2a), and extend service to new customers with any surplus construction funds.

On September 12, 1983, Montgomery County filed construction plans and requested approval for the recommended work. On

September 15, 1983, Montgomery County filed hydraulic analyses for the recommended work. On September 29, 1983, Montgomery County filed cost data for having the recommended work performed as part of the existing construction contract and approval of the recommended work by the Natural Resources and Environmental Protection Cabinet.

SUMMARY

The Public Service Commission, after considering the supplemental information filed and being advised, is of the opinion and finds that:

1. Public convenience and necessity require that the construction proposed in the supplemental information be performed and that a certificate of public convenience and necessity be granted.

2. The financing for the supplemental work was approved by the Commission's Order entered July 7, 1983.

3. The Commission's Order entered July 7, 1983, should be affirmed in all other respects.

IT IS THEREFORE ORDERED that Montgomery County be and it hereby is granted a certificate of public convenience and necessity to proceed with the supplemental construction as recommended in the Commission's Order of July 7, 1983.

IT IS FURTHER ORDERED that the Commission's Order entered July 7, 1983, be and it hereby is affirmed in all other respects.

Done at Frankfort, Kentucky, this 13th day of October, 1983.
